

# *Attention Golfers...*

*Discover the gold in Centura Hills...*

The course is located 13 miles west of Grand Island on Highway 2, then ¼ miles north on Highway 11, turn right on Centura Hills Drive.

The 18-Hole course provides an excellent countryside golf experience. It was designed and built by Marty Johnson. The first 9 holes were constructed in 1996 and the new 9 hole addition was completed in 2007.

The 7th hole is the signature hole and the course's most challenging due to its length, sloping terrain, native rough, out of bounds and the creek that is in front of the green. Although the course begins with a few friendly holes designed to inspire confidence, one had better be ready for "Amen Bend" (holes 7-9). This is a section of the course where a church is nearby, the creek bends through the course, trouble lurks everywhere and bogies abound.

The 18-Hole course features a Putting Green, Driving Range, Rental Clubs, Rental Carts, Pull Carts, Snack Bar, and Meeting Room. After your round of golf, enjoy a cool beverage in the air-conditioned Clubhouse or sitting on the deck outside overlooking #18 green.

Our members and staff are very proud of their golf course and clubhouse. We invite everyone to come and enjoy a game we all love on a course we love to play.

*...it's Central Nebraska's leading golf course.*
